

Tired of waiting for the trash truck to make sure your dumpster gets dumped ...

... and to close your lids when the driver doesn't relock the container?

Get rid of that padlock!

Our *Serio-us*[®] Auto lock gets you out of the waste business and back into yours....

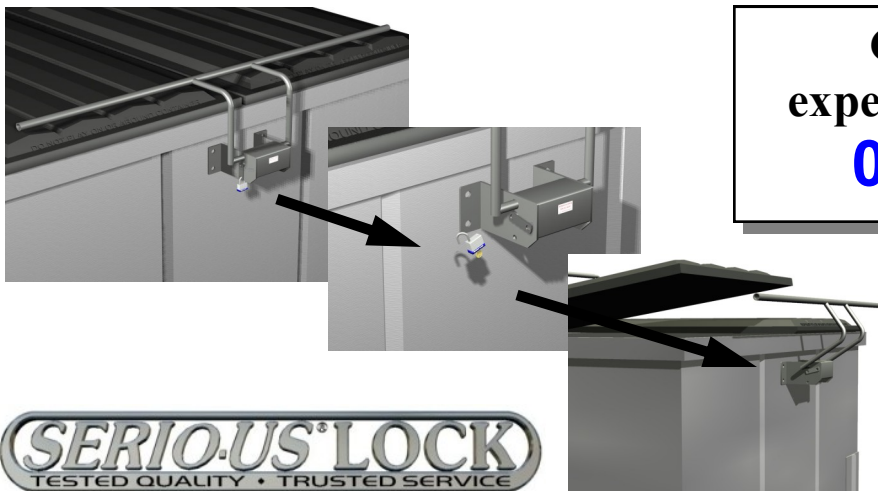

... you don't have to be part of the dump process—the lock opens and closes automatically without you!

... your lids are closed and locked to keep litter in and illegal dumpers out!

... and you still use a padlock as you did before!

Give us a call and experience the difference!
