Remind your employees to

Keep the dumpster locked!

A *Serio-us*[®] Automatic Lock-ed container makes work easier for you and your employees in 2 ways—

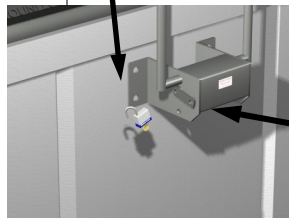

1. Keep the lids closed, the trash in, and others out!
2. You don't have to unlock it for the trash truck — *ever*— it unlocks automatically when lifted by the truck !

And, with its simple, user-friendly operation, you can ...

1. Your *Serio-us*[®] Lock should always be locked to keep others from throwing their trash in, to keep children out, and to keep litter in!

2. When you use the dumpster, simply unlock the padlock ...

... and pull the lever toward you.

... Have your own lock, and your own key!

3. Pull the lock bar forward to free the lids. The bar rests conveniently out of the way.

4. Throw away garbage as you normally would.

SERIO-US LOCK
TESTED QUALITY • TRUSTED SERVICE

Please give us a call if you have any questions.

5. Now simply reverse the process. Close the lids and put the lock bar back over them.

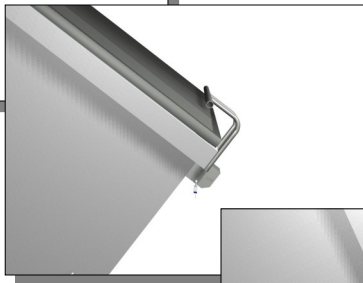

Put the padlock back in and you're done!

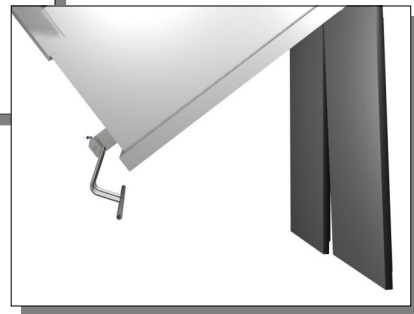

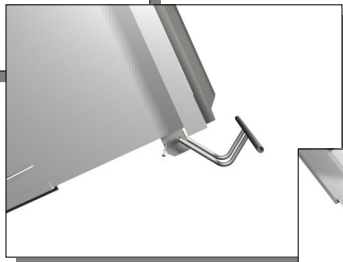

Your *Serio-us*[®] Lock unlocks automatically for

the truck driver when the can is dumped - you never

have to worry about that part again!

SERIO-US[®] LOCK -
SIMPLY THE BEST
